InsComm Meeting Defeats Motion In Favor Of Hazing

At the Institute Committee meeting Thursday the much debated motion to rescind the ruling passed last year and to make off campus hazing liable to action by Judicial Committee only if the hazing was reported by the individual involved or there was injury to the individual was defeated by a vote of 12 to 4 with 3 abstentions.

The members who voted against the motion were Larry Andrews '58, Creighton Bellinger '58, Stan Becker '55, Glenn Jackson '55, Oliver Johns '56, Malcolm Jones '57, William Neff '55, Ella Paton '55, Hank Salzhauser '57, Sherm Uchill '55, Roy Salzman '55, and John Seiler '55.

Kay McCarthy First Intramural Contest Winner

The winner of last week's football contest, sponsored by *The Tech* is Miss Kay McCarthy, a secretary in Professor Geiger's A.A. office. Her margins were:

Phi Gam2 T.D.'s
Sigma Phi Ep1 T.D.
Phi Delta Theta2 T.D.'s
SAE2 T.D.'s
SAM1 T.D.

And so the six-pack of beer goes to the favorite gal of anyone and everyone connected with athletics at the Institute. Only four other contestants correctly picked all five winners. This week's entry blank will be run in the next issue. Phi Gam plays Kappa Sig, 5:15-Sig Phi Ep, Phi Delt-Burt Staff, SAE-ATO, and SAM faces Theta Delta Chi.

MIT Glee Club Reveals Schedule For Coming Year

In about two weeks, on Saturday, November 6, the Glee Club will open its season with a concert at Sargent. Following that there will be concerts with Simmons, Jackson and Tufts at Tufts on Friday, November 19; with Colby Junior College at Colby in New Hampshire on Saturday, December 4; and with Simmons on Friday, January 14.

Following the mid-year examinations, the Spring season will open with a concert with Radcliffe on Friday, February 11, at M.I.T. Thereafter there will be concerts at Bradford Junior College at Bradford on Friday, February 25; with Lasell Junior College at Lasell on Friday, March 4; and with Mount Holyoke on Saturday, April 30, at M.I.T.

The season will conclude with the annual Tech Night at the Pops in Symphony Hall sometime in May.

Wellesley Theater Presents Drama By Sean O'Casey

Barnswallows, the Wellesley College Theatre Group, will present as its first production of the year Sean O'Casey's Irish drama, *Junno and the Paycock*. It will be produced November 5 and 6 at 8:00 p.m. in Alumnae Hall on the Wellesley campus.

Directed by Norman Ashton, the cast includes Laurel McGregor, Pat Kleeman, Barbara Silver, Barbara Miller, Jean Anderson, and Hunny Koelln of Wellesley; and Drew Miller, Court Gilmour, Wynn Smith, Dean Gitter, and Randolph Edwards, students at Harvard. Other members of the cast include: John Peters, who acted this past summer; Rocky Coe, a graduate of Tufts, and Albert Frost, assistant professor of physics at Tufts.

In favor of the motion were Dave Rados '55, Jack Saloma '56, Harry Schreiber '55, and Dick Peskin '56. Garry Quinn '56, Chan Stevens '55, and Ash Stocker '55 abstained.

A motion to suspend the rules to enable the committee to discuss the regulation concerning hazing was defeated. A petition circulated in East Campus in favor of keeping rides completely illegal, as they are now, was then shown. Of the 58 names it contained, about one half were sophomores and less than one fourth were freshmen. It was pointed out before the vote on the motion was taken that if Inscomm did vote for hazing and a freshman were injured while being taken on a ride, the parents of this student might complain to the Institute. In this case the school might override the voice of Inscomm.

Field Day Revised

Among other business discussed at the meeting was the report of the Field Day Committee. It was stated that the winner of the tug of war held on Saturday would receive the "Purple Shaft" (the Class of '58 won possession of the shaft as a result of Saturday's contest). The class that won must display this shaft before the losers. Due to the rain two Saturdays previous the number of weeks before field day has been reduced. The shaft must therefore only be shown once instead of the usual two times. The possession of this shaft is worth one point. It was decided that there would be no song contest on Field

(Continued on page 4)

MIT Chess Club Joins Conference With Local Teams

The Chess Club, in conjunction with Brandeis University, Harvard University, and Boston College, has formed the new "Greater Boston Intercollegiate Chess League." Under the League's new Constitution each member school will enter A and B teams, the winner in each grouping to receive a trophy at the end of the competitive season.

At the club's last meeting it was stressed that we have the potential to develop one of the finest chess teams in the East. However, our abundant reservoir of talent has scarcely been tapped, with numerous fine players ignorant of the club's existence. Much top-notch competition has been scheduled for this semester, including matches with the well known Cambridge Chess Club. Victories in these matches, not to speak of subsequent possession of the league trophy, would do much to enhance the prestige of the Institute in intercollegiate chess circles.

All chess players are therefore urged to submit their names to Gideon Gartner '56, acting president of the club, at East Campus Box 496. Meetings are held each Wednesday at 6:15 p.m. in room 5-204. There is still plenty of time to make the team. Nevertheless, one does not have to be a grand master to join the club, which is composed of players of all calibers.

Aucamp (21) fights for yardage against Tabor.

"Break" Topples '57, 6-0; Frosh Gridders Lose, 12-7

by Jack Friedman '57

In what was probably the first game ever decided by a bus driver, the sophomore football team bowed to Tabor, 6-0. This was the second successive soph game to end by a 6-0 score but there was little resemblance between the Engineer performance in the two games.

For the second straight week an early first quarter break decided the game, but this week the class of '57 spent the remainder of the afternoon pushing their opponents all over the gridiron in their frustratingly vain attempt to score.

The break, a blocked kick, and the bus driver were the deciding factors in the loss. The bus driver entered into the game by the virtue of his poor sense of direction. The bus got lost, the team was late, the referee penalized the sophs for delay of the game and the Tabor kickoff was made from the Tech 45 instead of the Tabor 40.

Stopped On Five

Tabor's kick went in to the '57 end zone. Fullback Ken Jones, who played an otherwise sterling game on both offense and defense, elected to run the ball out, forgetting that the prep schoolers were fifteen yards nearer than they should have been. Jones gathered up steam, moved to the MIT five and got no further.

On the first offensive play of the game, Don Aucamp, another sophomore stalwart, whipped up the middle for five yards on a perfectly executed play. It looked like the beginning of a fine afternoon for coach Dave Scott '55's men but actually it was the beginning of the end. On the second play, Loring was snowed under for a four yard loss. When Aucamp was held to a one yard gain on an off-tackle slash, Jones went back to kick. Three Tabor men broke through and the kick was blocked. It landed in the Tech end zone, bounced wieredly and stopped on the sophomore 4. An MIT off-side gave Tabor a first down on the Tech 1 yard stripe.

Tabor Breaks Through

Lee Bredbenner stopped the first single-wing power thrust; but on the second Tabor play, Rabbitt drove through the middle for the game's first and only score. The extra-point try was wide and the scoreboard read: Tabor 6, Visitors 0. It never changed. The sophomores spent the remainder of the first half and all of the third quarter pushing Tabor from the MIT 40 to their own 30, largely through Jones' punting and plunging and Aucamp's running. Three screen pass plays clicked, but the '57 gridgers

(Continued on page 4)

Dorm Conference Studies Methods Of Student Gov't

About 25 members of Dormitory Council and the House Committees, accompanied by several members of the Faculty and Administration, spent Saturday afternoon through Sunday afternoon at the Dormitory Leadership Conference held at T.C.A.'s Tech House in New Bedford, Mass.

Frederick C. Hennie '55, conference chairman, extended a brief welcome to the assemblage. Discussion groups were the main feature of the conference. Since the bulk of student government is conducted in group meetings, Professor Herbert A. Shepard of the Economics Department, an expert in group psychodynamics, gave an introductory lecture on "The Techniques of Group Leadership." It consisted of an analysis of the types of members found in or necessary to each group, and the psychological utility of each, such as the encourager, the compromiser, the originator, the squelcher, etc.

Followed By Skit

This talk was followed by an unrehearsed demonstration skit of how not to conduct and comport oneself at a meeting, the skit being later analyzed as a study of the different characteristics described by Prof. Shepard.

Associate Dean of Students Frederick G. Fassett then summarized "The Administrative View of Student Government in the Dormitories" as a prelude to group analysis of this subject. Later Saturday afternoon Eldon H. Reiley '55, Chairman of Institute Committee, presented "The Student Government View" on the same topic.

Decentralization Viewed

Following dinner, Dean E. Francis Bowditch presented a residential concept of student government in the dorms, urging decentralization. He then presented the views of President James R. Killian, Jr. on the education.

(Continued on page 4)

WMIT

On Thursday, October 28, 1954 at 7:30 p.m. there will be a discussion on "The Cumulative Rating System" over Radio Station WMIT, 640 Kilocycles on AM sets on campus. Professors John T. Rule and Edward S. Taylor will be guest speakers.

Sunday Concerts To Be Sponsored By Music Society

The Pierian Sodality of 1808 is sponsoring a chamber music series of four Sunday afternoon concerts throughout the coming year. This group of concerts is presented with two views in mind: to bring good music to the Cambridge community and to finance the Harvard-Radcliffe Orchestra.

Opening the series on November 14 will be the Budapest String Quartet in a program including the Quartet in G Major, Op. 77, No. 1, by Haydn, and Bartok's Quartet No. 6. On December 4, the soloist will be William Primrose, Violist. He will present the Sonata in C Minor by W. F. Bach; the Notturmo, Op. 42 by Beethoven; the Sonata (1939) by Hindemith; and the Sonata in F Minor, Op. 120 by Brahms.

Ernst Levy, Visiting Professor of Music at the Institute, will be the soloist on February 20 in a program of piano music. The series will conclude on March 13 with the Paganini Quartet playing the Quartet in C by Mozart, and the Quartet in C-sharp Minor, Op. 131 by Beethoven.

Executive Order Signed By Ike; Will Aid Grads

President Eisenhower has signed an Executive Order affecting this year's seniors, designed to end the uncertainties which have interfered with graduate study for the past sixteen months. A graduate student is eligible for deferment under the following conditions:

The registrant must have been accepted by a graduate school for admission to a class commencing on or after January 1, 1955. This class must be the first commencing after the candidate has completed the requirements for admission. In addition the candidate must have ranked in the upper quarter of the male students in his final undergraduate year or must have achieved a score of 80 or more on the qualification test. The graduate school at which he is in attendance must certify that he is currently meeting degree requirements and is expected to attain his degree.

Registrants shall take a full-time course of instruction, as certified by the graduate dean or other responsible officer. The student must progress through his course of studies at a normal rate which will permit completion of requirements for the master's degree in not more than two years, and for the doctoral degree in not more than five calendar years of graduate study beyond the bachelor's degree.

For further information or help in obtaining deferment, consult Mrs. Eleanor S. Lutz, Advisory Committee on Military and Selective Service, Room 14-S136 (in Hayden Library).

Calendar of Events

from October 27 through November 3, 1954

WEDNESDAY, OCTOBER 27

Chemical Engineering Department. Colloquium: "Ethanol Via Hydration of Ethylene." Dr. Charles R. Nelson, Shell Development Company. Room 12-182, 3:00 p.m.

Biology Department. Colloquium: "The Macromolecular Structure of DNA." Prof. Howard K. Schachman, Department of Biochemistry, University of California. Room 16-310, 4:00 p.m. Tea will be served in Room 16-711 at 3:30 p.m.

Varsity Soccer Team. Game with Harvard University. Briggs Field, 3:30 p.m.

Metallurgy Department. Corrosion Seminar: "Hydrogen Overvoltage in Ammonium and Phosphate Buffers." Prof. A. J. deBethune, Boston College. Room 8-205, 4:00 p.m.

Catholic Club. Lecture: "The Enlightenment Era." Rev. Father Kron, Chaplain, Simmons College and Northeastern University Newman Clubs. Room 2-190, 5:00 p.m.

M.I.T. Graduate House. Dinner and lecture: "Communism and the Asian Intellectual." Mr. Richard W. Hatch. Campus Room, Graduate House, 5:45 p.m. All graduate students and their guests welcome.

Order of DeMolay—M.I.T. Chapter. Regular Meeting. Tyler Lounge, Walker Memorial, 7:30 p.m.

THURSDAY, OCTOBER 28

American Society of Civil Engineers—Student Chapter. "Introduction to Civil Engineering." Prof. Donald W. Taylor—Soil Mechanics; Prof. Arthur T. Ippen—Hydraulics. Room 1-390, 4:00-5:00 p.m.

Physics Department. Colloquium: "The Mechanism of Uniform Field Gas Discharge Breakdown." Prof. F. Llewellyn Jones, University College of Swansea, Wales. Room 6-120, 4:15 p.m.

Catholic Club. Panel discussion on Church Apologetics. Subject: "Catholicism in America." Room 4-105, 5:00 p.m.

Lecture Series Committee. Films: "Pepe Le Moko" (French with English subtitles) and "Seal Island" (Walt Disney Nature Series in color). Room 10-250, 5:05, 7:30, and 9:30 p.m. Admission: 30 cents.

FRIDAY, OCTOBER 29

Mechanical Engineering Department. Seminar: "Rational Analysis of Engineering Problems." Prof. Henry M. Paynter. Room 3-370, 3:30 p.m. Coffee will be served in Room 3-174 from 3:00-3:30 p.m.

Mathematics Department. Lecture: "Linear Programming." Prof. A. W. Tucker, Princeton University. Room 2-245, 4:00 p.m.

Junior Prom Weekend. Formal dance. Imperial Ballroom, Hotel Statler, 9:00 p.m.-1:00 a.m.

SATURDAY, OCTOBER 30

Varsity Sailing Team. Schell Trophy Regatta. M.I.T. Sailing Pavilion, 1:00 p.m. Field Day. Briggs Field, 1:30 p.m. All Saturday classes will be suspended.

Freshman Cross Country Team. Meet with Northeastern University. Franklin Park, 2:00 p.m.

Varsity Cross Country Team. Meet with Tufts College and Northeastern University. Franklin Park, 2:30 p.m.

Junior Prom Weekend. Informal dance. Surrey Room, Hotel Touraine, 8:30 p.m.-12:00 midnight.

SUNDAY, OCTOBER 31

Varsity Sailing Team. Schell Trophy Regatta. M.I.T. Sailing Pavilion, 10:00 a.m.

TUESDAY, NOVEMBER 2

Acoustics Laboratory. Seminar: "Acoustic Circulations." Dr. William P. Raney, Brown University. Room 20E-225, 4:00 p.m.

Christian Science Organization. Subject: "Thy Will Be Done." Crafts Lounge, East Campus, 5:15 p.m.

WEDNESDAY, NOVEMBER 3

Aeronautical Engineering Department. Seminar: "British Development Techniques for New Types of Aircraft and Engines." Mr. S. Scott Hall, C.B., Head, Technical Services, British Joint Services Mission, Washington, D.C. Room 35-225, 4:00 p.m. Coffee will be served in the du Pont Room (33-205) from 3:30-4:00 p.m.

RED CROSS BLOOD DRIVE

A Red Cross Blood Mobile Unit will be at Morss Hall, Walker Memorial, from Monday, November 1, through Thursday, November 4, from 9:45 a.m.-3:45 p.m. Appointments may be made either by telephone (Ext. 885) or in person at the TCA office in Walker Memorial.

EXHIBITS

Photomurals of Grecian sculpture and architecture will be featured in an exhibition entitled "Greece—VI, V, and IV-Centuries," to be held in the New Gallery of the Charles Hayden Library through November 7. Hours: Monday through Friday, 9:00 a.m.-5:00 p.m.; Saturday and Sunday, 2:00-5:00 p.m.

Photographic Salon prints by Mr. Philip Solomon of West Hartford, Connecticut, and Mr. Alden Seth of Broad Channel, Long Island, New York, will be on display in the Photo Service Gallery, Basement of Building '11, through November 14.

CALENDAR OF EVENTS

The Calendar of Events appears in THE TECH on Tuesday with announcements for the following eight days (Wednesday through Wednesday). Notices, typewritten and signed, must be in the office of the editor, Room 7-204, not later than noon on Thursday prior to the date of publication. Material for the Calendar of November 3-10 is due October 28.

A Dinner Requiem

By The Coeds At

120 Bay State Rd.

(Editor's Note: The following article presents a sequence of thoughts toward the M.I.T. Males by some of our M.I.T. Coeds during an evening dinner at the Women's Dormitory.)

by Cynthia E. Sherr '56

"... we give thee thanks, O God. Amen!"

"Guess what happened to me today. I had nothing to do in lab. for a few minutes, so I went into another lab. to bore some holes in some rubber stoppers. Of course I didn't do any of it myself. Noticing the boys from his section helping me, a little boy I knew came up to me and said, 'What's the matter? Aren't there any boys in your section?'"

"Aren't Tech men nice, sometimes. One even held a door for me today."

"Most of them know how to behave, but they're reluctant to do the polite thing. They're afraid someone might call the hairy brutes 'sissies'."

"I think Tech men are shmoos!"

"If only they would shave, and change their shirts."

"They're especially revolting before quizzes. I don't even think they wash their faces."

"I don't really mind the beards. Look at Gregory Peck."

"Believe me, I'd rather."

"There are some boys in one of my classes who wear jackets."

"Grad students?"

"Who else?"

Rrrring, Rrrring—Rrrring, Rrrring—

"Telephone, Mary."

"Is it a boy?"

"Yes."

"Is it that creep again?"

"That's the fourth time he's called today."

... At this point the conversation shifted to one of the girl's biology cultures.

"Was it Joe, Mary?"

"Yes. I'm going out with him. I just wish he'd talk about something besides engineering on a date."

"I know just how you feel."

"He has a very nice friend I'd like to go out with."

"Oh, his friend would never ask you out. Even if Joe didn't ask you out for two months, if there were a slight chance that he might, none of his friends would."

"How asinine! It's even hard to talk to his friends at parties."

"Tech is the only place where you go to a party and talk to your own date all evening."

"Techmen must be so awfully insecure. At dances you only dance with the boy who takes you."

"You're lucky. He can dance."

"Oh, most of them can dance. And they can look nice too."

"But they are so afraid of letting it show. They look so good dressed up to be photographed. But at other times!"

"The poor little boys are afraid of being swamped by passionate secretaries."

... At this point a roll call was taken to see who got the lowest mark on the 5.01 quiz.

"How did the others find the quiz?"

"I don't know. The boys don't confide in me."

"Oh, they never talk to you in class—at least, not until they've seen you for a year or so."

"I wonder what makes them so unfriendly."

"Perhaps we look forbidding—in our worldly ways."

"Ahem!"

Tufts College, Medford, Mass.—"To err is human, but it feels so divine." Worcester Polytechnic Institute, Worcester, Mass.—"Be sure to engage your mind before throwing your mouth into gear."

George Washington University, Washington, D.C.—From *The University Hatchet*: FOR DIPSOMANIACS ONLY: This story of an Iowa coed who discovered a 100% inconspicuous way of getting her booze in

"I wish that when they do decide to talk to a girl they would find a better opening than 'Why did you, a girl, come to Tech?'"

"Oh, I've been asked that one hundreds of times."

"Me too. I always say, 'to meet you, of course'."

"No wonder they don't talk to us. You've frightened the poor boys."

"I think we've been too hard on Tech men. Some of my best friends are Tech men."

"Yes. Some of them are quite nice. There are some darling grad students from Dartmouth in my chem class."

"Do you know what my chem professor ..."

broad daylight may have been circulating for a few years and we just heard it revived the other day and pass it on to you. This ingenious girl dipso had been caught twice with bottle in hand up in her room between classes. One more slip and out she would go on her ear. What to do? Thinking desperately for some way out as the great thirst gripped her once more, she hit on the perfect solution; and the next day she was seen trundling off to class with a rather large paper bag under her arm—an a sober enough look about her. A morning she sat in the back of the classroom eating tangerines out of the bag. And by noon her girl friends had to carry her back to the dorm. This went on for quite some time, and no one could figure out how she managed to get knee-walking, shower-crying drunk in the space of a morning without moving from her classroom. Her secret—revealed by her roomo after her graduation—was very simple: somehow this booze hound had procured a hypodermic needle—probably from some dope-eating friend. Then she would buy several dozen tangerines and a bottle of gin—and the rest is obvious. The innocent looking tangerines her profs saw her eating in class were, of course, shot through with alcohol. Real solid Tangerine Collins."

ENGINEERING GRADUATES

and

SENIOR ENGINEERING STUDENTS

Majoring in electrical, mechanical and aeronautical engineering and in physics and math.

Start your career with Sperry, leading engineering company enjoying an enviable record of stable, consistent growth through the development of new and better products since 1910.

Following are some of the engineering fields Sperry is engaged in: Electronics - Microwave - Radar - Servo-Mechanisms.

Computers - Aircraft Navigation - Electronic tube development including Klystrons - Fractional H.P. motors and transformers - Communication equipment.

Loran - Sonar - Fire control equipment - Controls for Guided Missiles - Technical writing - Standards engineering work - digital computers - solid state devices, etc.

★ Graduate schools available in vicinity of laboratory for further studies through company paid tuition refund program.

★ Modern lab facilities and equipment available to you for the further development of your technical education.

★ Association with top men in the field.

★ Top rates.

★ Full employee benefits.

★ Modern plant in suburban area, 45 minutes from the heart of New York City.

★ Convenient transportation.

★ Recreation facilities and congenial friendly associates.

★ Adequate attractive housing available.

★ A satisfying, well paid career awaits you at Sperry.

SUMMERTIME POSITIONS OPEN

FOR STUDENTS IN JUNIOR YEAR

WITH GOOD ACADEMIC RECORDS

Our engineering department heads will be available Oct. 27 to give you full details and tell you about the high level engineering work Sperry is engaged in. Please arrange for appointment at your placement office.

Varsity Harriers Sophs Trounced Roll Over UNH; In Tug Of War, Frosh Lose Badly Touch Football

A strong New Hampshire team fell Saturday as three Tech runners swept across the finish line to lead the cross-country team to their third consecutive victory. Captain Larry Berman '55 caught Ray Smith '56 and Dave Vaughn '57 in the last hundred yards for a blanket finish that is becoming the rule rather than the exception for this year's squad. Stu Bengston '55, in seventh place and Bob Solenberger '57, eleventh, rounded out the 24-36 score. Frank Mott '57 lent a noble touch to the victory when he continued on to finish after dislocating his ankle. The three winners ran a fast even pace to pass the U.N.H. runners one by one and finally took the race by a large margin. The team is very strong and looks forward to a win next week over Northeastern and an already beaten Tufts which would give the Beavers an undefeated season.

Frosh Routed

The frosh narrowly averted a shut-out by virtue of Paul Koessler's fourth place finish. The freshman harriers are weak this year and have been up against very strong teams.

The class of '58 overwhelmed their more experienced and less numerous '57 rivals in the pre-field day events Saturday. Outmanning the sophs by a substantial number in the tug of war, they simply picked up the rope and with one big pull raced off with it. The touch football game was another matter. Although the outcome was much the same the contest was not, as is shown by the 13-12 score. Frosh drew first blood, scoring in the second period on a long pass—then racking up the all important extra point on a quick flip over center. This tells most of the story about the '58 attack as the freshmen uncovered a colorful throwing game featuring the passing of Paul Larson and the great catching of Ahren Sadoff. The third period was a standoff as both teams scored. The frosh turned end to tally from the three and the sophs pulled a sleeper, Dick McLaughlin to Chuck Spears. Both tries for extra point failed. '57 roared back in the last quarter to score the final touchdown of the game on a pass—McLaughlin to Al Richman. Try for extra point was missed and the sophomores went down to a frustrating defeat.

Booters Romp In Shutout Of Brown; Crimson Today!!

Brown University fell victim to the Tech Varsity steamroller last Saturday, 4-0, in a rough hard-fought contest. The Beaver booters are undefeated this season, their 1-1 tie with Amherst being their only close call. The game started fast with Center Forward Ed Hoyt '57, driving one into the nets with the game little over one minute old. The usual second string line started the game, since the first arrived late. The Engineers, with a strong wind at their backs, pressed unmercifully, forcing Brown to play with their halfbacks deep in their own territory. Despite this defensive measure, Inside Right Raphael Morales '55, scored Tech's second goal at 17:30 of the quarter for the Beaver's last score this period. Undaunted by the wind, which was against them in the second quarter, Tech continued to control the ball, and Morales booted in his second tally at 16:30 of the second quarter. Brown's defense tightened in the second half but Hoyt broke past the home team fullbacks and headed a perfect pass beautifully into the upper left hand corner of the nets. This was all of Tech's scoring as Coach Ben Martin substituted heavily in the last quarter.

The game was marked by the excellent play of Morales and second stringer Hoyt on the forward line, and Fred Bialek '56, and "Leaky" Dyke '56, on the halfback line. The previous Wednesday, October 20, saw the booters romp over Tufts, 5-1, as Morales, Rene de Leon '56, and Fred Gonzales '56, each scored once, with Marcus Suarez '55, tallying twice. Both of these games should prove to be little more than warm-ups for the big game with Harvard this afternoon. This is the last home game for the red-hot Engineers and if they win this one they should coast for the rest of the season. Harvard has lost only to Dartmouth, Tech's only remaining competition for the New England championship.

the bush leaguer Phi Delt, Sigma Phi Ep Win, Fi Ji, SAE, SAM Also Cop

by Jerry Marwell '57

Perfect football weather set the tone for five crisp decisive intramural victories this past weekend. Each league lost one more of their remaining squads and now only three compete for it's championship.

Fi Ji Impresses

In league one Phi Gam seemed to find itself as it rolled all over Phi Kappa by a 30-0 score. The main reason for this renaissance of prowess was the re-discovery of Fred Culick '56 as a starting, and winning quarterback and passer. Fred hit Art Wilkes '58 and Prentiss Cole '55 with two T.D. passes each, and Prent gathered in a Willie Waterson '58 heave to account for all the scoring. The Fi Ji's were just too strong for the overpowered Phi Kappa's and gained yardage almost at will. The big loss of the game, however, does not appear in that 30-0 score. On a kick return Ron Massa, who played a fine game at center for the Phi Kapp's, got hit hard and his hip was hurt. Here's hoping he's O.K.

Frosh Lose, 2 - 0 To Brown Cubs In Soccer Game

Playing at Providence, Rhode Island, under the best of soccer conditions, the Freshman booters lost to a strong Brown University eleven last Saturday, 2-0. The Techmen severely missed their first string left halfback, Alberuti, who was unable to play.

The game started with Tech kicking off and quickly driving deep into Brown territory. Before the home team could clear the ball, Captain and Left Inside Mansfield Yancy, took a long shot which went wide of the goal. Brown cleared the ball with a long goal kick, and thereafter pressed for most of the quarter, but couldn't score. The Beavers took control and kept the ball in Brown territory through most of the second quarter. However, Tech couldn't tally, and the half ended scoreless.

With the starting whistle of the second half, Brown immediately took over, scoring their two goals in the third quarter. Bob Seid, the home team's Left Wing, scored after five minutes of the quarter with a hard shot into the corner of the cage, while Jamie Ott, Brown Center Quarter, scored eight minutes later on a dribbler from out of a mix-up in front of the goal. Lee Wheelles, Engineer Left Fullback, broke up several Brown drives during this quarter. The last quarter was a stalemate, and the game ended, Brown 2, MIT 0.

The Fi Ji victory leaves unbeaten Delta Tau Delta and once beaten Kappa Sig and Phi Gam in league one. We look for Phi Gam to beat Kappa Sig by a T.D. in the semi-final this week.

Sigma Phi Ep Wins

In league two Sigma Phi Ep eliminated AEPi by trouncing them 27-0. Larry Hallee '56 and company showed surprising strength in this decisive victory. They seem to improve with every contest and may go all the way to their league title. Their next obstacle is a fine 5:15 club eight. They should have a rough time doing it but the Sig Ep's figure to win by 12 pts. After this they come up against Sigma Chi who beat them the last time they met.

Phi Delta Theta exhibited a fine pass defense in downing Lambda Chi Alpha 18-7 in the lone League Four contest. Two of their scores came on intercepted aeriels. Last week Lambda Chi completed 80% of their passes
(Continued on page 4)

Engineer Sailors Win Two Meets, Bow On Charles

The Tech sailing team competed in four meets this weekend and came off with at least two victories and one "squeakie" loss. On Saturday, John Marsland '57 and Charlie Robertson '55 sailing at Middlebury scored 26 points to top a favored Dartmouth squad by 1. Middlebury was third with 20 markers. Marsland was high skipper with 14 out of a possible 15 points. The results of the Nevins Trophy Regatta at Kings Point, N. Y. are not yet known. Two skippers and two crews made the trip.

On Sunday Nick Newman '56 and John Wing '55 went down to Providence to win the Hoyt Trophy. Final score: MIT 67, Coast Guard 61, Brown 57, Rhode Island 46, Harvard 45, Yale 37. Newman took 5 out of 6 firsts for a high total of 39 points.

Also on Sunday, a team composed of Bill Stiles '57, Jim Clinton '55, George Barry '56, Dick Matles '56, Sal Pomponi '57, and Craig Sherbrooke, Gerard Dorget, George Baker and Bob Alter, all '56, defeated Trinity 3-0 in the morning, and lost a hotly contested (both on the river and in the race-committee room) series to Northeastern in the afternoon 3-2, both on the Charles.

"Don't Shoot!"

From recent Student Council minutes:

CHAIRMAN: Next we come to the problem of the appalling dressing-habits of our freshman. We have noted such unorthodox attire as long-point collars, garishly colored shirts, some actually made of dotted swiss!

SCH. OF MUSIC REP.: Definitely not in harmony with our standards.

JOURNALISM REP.: To corn a phrase, they ain't on the ball team.

SCH. OF LOGIC REP.: Why not shoot 'em?

MED. SCHOOL REP.: Great idea! I'll work up a "Good Taste" serum, refined from some Van Heusen Oxfordian shirts. We'll inoculate 'em all!

PHILOSOPHY REP.: Who cares!

LAW SCHOOL REP.: (Happily) Yeah, inoculate 'em. Then maybe some of 'em will get sick, and I...

JOURNALISM REP.: Now let's don't go all around Red Robin Hood's barn... what we need is a campaign to tell 'em about the Oxfordian... the silky, smooth oxford shirts with the smart, modern collar styles.

BUS. ADM. REP.: And don't forget... fine long-staple cotton, woven tighter to last longer... at the amazing price (thanks to excellent production facilities) of only \$4.50.

JOURNALISM REP.: I think we got the gem of an idea here somewhere... but first off the bag, we gotta...

MED. SCHOOL REP.: Inoculate 'em.

LOGIC REP.: Yeah, shoot 'em.

CHAIRMAN: All in favor of mass inoculation say Aye. (MOTION CARRIES.)

JOURNALISM REP.: Maybe some of 'em already wear Van Heusen Oxfordians. Don't shoot 'til you see the whites of their shirts...

ART SCHOOL REP.: ... and the colors! Don't forget Oxfordians come in the smartest colors this side of a Bonnard or a Klee.

PHILOSOPHY REP.: (eating Tootsie-roll) Who cares!

Football

(Continued from page 1)

failed to score because of ineffective blocking. The other key factor in MIT's inability to stage a sustained march was the poor passing of quarterback Ed Vaughn. Several times Vaughn had receivers open for short pass completions only to see Vaughn miss the mark by yards. The one time in the early and middle part of the game that Vaughn threw a good pass, Fred Kissner misjudged the heave and it fell inches ahead of the big Tech end.

Late in the third period Aucamp took a Tabor kick on his own 40 bobbled it and let it squirt from his hands. Standout lineman Tony Ryan fell on it at midfield and it was first and ten for the Beavers. Jones fought his way up the middle for ten yards and a '57 first down. The third quarter ended. It was Ken again going for four more on the same play. Then the drive bogged down. Tabor took over, ran three plays and passed. Tony Ryan, who was playing with an injured leg, reached out and picked off the Tabor pass. He raced forward faked one Tabor man and attempted to drive through the last remaining defender. He was brought down on

the Tabor 24.

Tying T.D. Nullified

Jones went for two up the middle. Kissner took a Vaughn pass for a seven yard gain. Jones went wide for three more and a first down on the Tabor 12. Scott Loring took a pitch-out and swept to the Tabor 5. Jones was smeared for a loss on an attempted sweep. A fifteen yard penalty set the soph drive back. Tabor took over after the '57 men failed to make the first down. Three plays failed to gain, and Waterson returned the ensuing kick to the Tabor 37. Waterson threw short twice. Don Aucamp took the second for a nine yard gain. A long pass was incomplete, and Vaughn made the first down on a plunge. He threw to Aucamp again for six. After an incomplete toss, he faded back and hit Fred Kissner in the end zone for the tying touchdown . . . or so everyone thought. The score was nullified on a holding penalty. An interference penalty gave the sophs a first down, but the game ended with Vaughn's long passes falling incomplete.

Jones and Aucamp were the standout Beaver runners. Lee Bredbenner was the standout soph defender. Playing the guaru slot, he submarined

effectively to stop repeated Tabor onslaughts. Denny MacLain, at tackle, and end Bill Dean were effective in the '57 defense. Tony Ryan teamed with Dean to stop the Tabor flanking sorties. Dean would strip the two-man interference and Ryan would nail the ball-carrier. Tabor was unable to gain throughout the game, and, if it had not been for the bus driver and the blocked kick would never have scored.

Thayer Dumps Frosh

In a well-played, hard fought game, Thayer Academy edged the Engineer frosh, 12-7. The frosh played a fine game against the traditionally strong Thayer outfit. The '58 single wing offense was never able to get under way in the first half. Inexperience and nervousness led to backfield fumbles and lack of coordination. The Thayer men exploited the Engineer tension to drive for a score. The tally coming on an end run. The try for point was missed.

With the start of the second half, the frosh seemed to have undergone a drastic change. Throughout the first half they were a fumbling, incohesive outfit. In the second half, they were a smooth, hard driving single wing outfit. With John McCarty, John Kipps and Murray Colman doing most of the

driving, and blocking back Dan Holland and Joe Timms opening the holes, the frosh drove for a T.D. Holland faked to McCarty and swept around end for a score only to have it called back on a backfield in motion penalty. Not fazed by this bad break, the frosh scored on the next play. McCarty through to end Art Wilkes for the tying touchdown.

A buck lateral series play from full-back McCarty to blocking back Holland to John Kipps scored the extra point to give the MIT class of '58 a 7-6 lead.

The controversy of the game came when outstanding lineman Joe Timms was thrown out of the game for fight-

ing. This was the turning point. Thayer drove through the hole previously bulwacked by the powerful Timms and moved to its second touchdown. The extra point was missed and the score was: Frosh 7, Thayer 12. It remained that way.

Unable to Gain

The Beaver yearlings, under the apt tutelage of Dick Jacobs '56 attempted to get their single-wing juggernaut underway again, but the huge holes opened by Timms had become a stone wall of Thayer men. The frosh were unable to move and the game ended in a Thayer win. Had Timms been playing it might have been a different story.

Bush Leaguer

(Continued from page 3)

. . . this week's total comes more near 20. This week the Phi Delt's come up against a pass-happy Burton Student Staff outfit. They figure to tame the Dorm-men and score enough to come up with a one touchdown triumph. After this hurdle they (or Burton, if our prediction is wrong) will face a classy, undefeated Beta eight.

SAE 13; P. Lam 0

In League Four another of the mighty fell before the aroused SAE's as they beat Pi Lam 13-0. Ever since they started using Ed Porter '52 as their passer their offense has improved considerably and now lives up to the calibre of their fine defensive contingent. In this affair SAE scored on a pass from Porter to Bard Crawford '54, and three safetys. We, with much trepidation, pick SAE to top ATO in this weekend's contest. The winner gets to play Theta Chi next week. The winning margin . . . 6 points.

The fifth game this past weekend (League Five, of course) resulted in a 6-0 win for SAM. They beat DKE on a pass from Mike Brenner '57 to Herb Malkind '58. The game was, in the main, a defensive battle. The game between the Sammy's and Theta Delta Chi, which will decide who shall meet Sigma Nu next week, should be taken by SAM . . . a six point margin.

Incomm

(Continued from page 1)

Day for a multitude of reasons. For instance, no reliable method of judging could be found, and the singing of "Arise Ye Sons" would not be very dignified under the circumstances.

Since there will be no song contest, the glove fight will retain its original value, so that the total number of points will be odd, eliminating possibility of a tie.

Plans for the new Student Union Building were then shown at the meeting. A motion that graduate students should not have a ring similar to the one worn by the seniors was held over until the next meeting. The rules were then suspended and an open session ensued, during which an agenda to aid in planning and an agenda for the rest of the year were discussed.

Dorm Conference

(Continued from page 1)

tional context of this subject, as Dr. Killian himself was unable to attend.

After this, bull sessions were held, attended by students and others, including Professors Samuel J. Mason and Laurens Troost, and Mr. John B. Goodenough, faculty residents; Dr. Preston K. Munter of the Medical Department; Mr. R. Colin MacLaurin, Director of General Services; and Mr. Kinley Herboldsheimer, Superintendent of Burton House.

On Sunday afternoon DormCon President, John J. Seiler '55, gave the final talk of the conference. At the end of this discussion it was proposed that a policy-making committee be formed, to consist of the president of DormCon, the three House Chairmen, and the three House Superintendents. The purpose of the committee will be to give a consistent continuity to Dorm planning.

JACK WEBB AND BEN ALEXANDER

You know them best as Sgt. Joe Friday and Officer Frank Smith—stars of Chesterfield's award-winning "Dragnet" on TV and Radio. They're now starred in the movies, too, in Warner Bros.' great new picture, "Dragnet."

WHAT A BUY! Chesterfield regular and king-size. (Both at the same price in most places).

Jack Webb and Ben Alexander want what you want from a cigarette. Relaxation, comfort, satisfaction. They know where to find it—because in the whole wide world, no cigarette satisfies like a Chesterfield.

Chesterfields are best to smoke because they alone have the right combination of the world's best tobaccos. Chesterfields are best for you because they're highest in quality, low in nicotine.

Try a carton of Chesterfields today.
